

GRAFTON SQUARE SURGERY

Practice Booklet

Welcome to Grafton Square Surgery

Grafton Square Surgery moved to Clapham Common 10 years ago (November 2021) from Wandsworth Road, where it was previously known as Dr Ala's Surgery.

Dr. Ala (Snr) retired in 2013 and his son Dr. Ala (Jr) is currently the lead GP.

The practice is now run by Grafton Medical Partners.

We are part of Clapham Primary Care Network.

Our senior partner is Dr Penelope Smith.

This booklet is designed to help you stay informed about the services we offer as well as answer any questions you may have surrounding your care.

For more advice and useful links please visit our website

www.graftonsquaresurgery.nhs.uk

Our Mission Statement:

We will welcome and treat you with dignity and respect.

We will make every possible effort to address your needs.

We will help you to be responsible for your own health.

We will ensure you are an equal partner in health care decisions which affect you and your family.

We will help you feel part of a healthy community.

Opening Hours

Monday - Thursday 08:00 - 20:00
Friday 08:00 - 18:30

When the surgery is closed please dial NHS 111 for health advice

Call Us

020 7622 5642

To cancel an appointment call 0207 622 5642 and select option 1 using our automated service

8b Grafton Square
Clapham, London
SW4 0DE

Grafton Square Surgery is located next to Clapham Common Old Town and is a 5-7 minute walk from Clapham Common Tube station which is on the Northern Line. There are a number of buses that pass by the surgery – 88, 417 and 249 (all stop at the Old Town).

There is no patient parking on site. There are plenty of parking meters on adjacent side roads.

Our Catchment Area

Our website offers an interactive map to check if an address falls within this area. In some circumstances, we accept patients who do not reside in the catchment area (e.g. those working locally). This is known as Out of Area registration. This is discretionary, decided by our GPs depending on your medical needs. Such registration means we do not provide home visits and services such as district nurses will be difficult to arrange.

Registered patients moving out of area often request to stay registered with us. This is, again, discretionary and all requests are decided by our GPs based on medical need.

We are a training practice and we teach medical students, nurses and doctors. Our attached F2 and registrar doctors are fully qualified but working with us under supervision to gain experience of general practice.

The Team

Each member of our team is are committed to providing high quality primary health care to all patients.

Doctors

- Dr Azhar Ala MRCP MRCGP
- Dr Bernadette Veiras MRCGP
- Dr Nicola Buxton MRCGP
- Dr Grainne Reihill MRCGP
- Dr Naomi Hill MRCGP
- Dr Alain Popov MRCGP
- Dr Michael Hone MRCGP
- Dr Naomi Hill MRCGP
- Dr Amy Wildgoose MRCGP

Grafton Square is run by Grafton Medical Partners. The partners are Dr Penelope Smith (senior partner), Dr Judith Roberts, Dr Simon Rohde, Dr Azhar Ala, Dr Bernadette Veiras.

Nursing Staff

Janet Norris - Practice Nurse

In-House Pharmacists

Gemma Rawlings MRPharmS
Nabir Miah MRPharmS

Social Prescriber

Nathaniel Leroux
Joe Slimani

First Contact Practitioner (Physiotherapy)

This service is provided on-site by Surrey Physio

Administration and Reception

Chetal Shah – Operations Manager

Our administration team processes forms, registrations, referrals, results and many other general queries. Christina processes requests for insurance reports and can be contacted on the main surgery number, **020 7622 5642**. If you are unable to reach Christina, please leave a message and a member of the team will call you back as soon as possible.

Should you have any queries regarding these matters, please speak to them or reach out via email **LAMCCG.GraftonSquareSurgery@nhs.net**

Our receptionists are here to help you. They are trained to do a difficult job well. If you are kept waiting or seem to be asked one or two irritating questions, remember that they are only carrying out our policy which is aimed at helping the practice to run smoothly. They have to judge the urgency of requests, so please try to give the information they require. They have been asked to do this and are bound by the same rules of confidentiality as doctors and nurses.

Christina Bourton (**christina.bourton@nhs.net**) is responsible for arranging letters and referrals and plays a key role in the Electronic referrals system (eRS).

Appointments

Surgeries are held throughout the day from 8:00am to 8pm, Monday to Wednesday, 8:00am to 7pm on Thursdays and 8:00am to 6.30pm on Fridays.

Appointments can be made online, by telephone, or in person at the surgery.

It is helpful with urgent problems if you can give the receptionist some information about the nature of the problem, although this does not affect your right to confidentiality.

If an appointment is made and for some reason is no longer required, we do ask that you phone to cancel the appointment as soon as possible. You can easily cancel an appointment online or by telephoning 020 7622 5642 and keying option 1. This will enable the appointment to be used for another patient.

Appointments are booked at the NHS standard rate, which is 10 minutes per appointment. Longer appointments can be given at the doctor's discretion.

At your appointment the doctor will give you as long as is necessary to deal with your problem safely, but if you have multiple problems to discuss, they may ask you to book another appointment.

Please ensure that you arrive on time for your appointment, as if you are even a little late it will delay every other patient after you.

Telephone Consultations

It is possible to book a telephone consultation with your doctor or nurse. This allows you to discuss a problem or results which may not need a face to face consultation and can save you having to take time off work. If you have a problem that is likely to need an examination – for instance a new lump, then a telephone consultation may not be appropriate. We also use video consultations in some situations.

Text Reminders

We are able to send you a text message to remind you of your appointment if we have an up-to-date mobile telephone number.

We may need to contact you.

It is imperative that we have up-to-date contact information for you.

Please let us know if any of your details change.

Automated Booking

Our automated appointment booking system allows patients to book, amend and cancel appointments during and outside our usual operating hours.

To access it, call us as usual on 020 7622 5642 and key Option 1 on the menu. You will be prompted for your date of birth (which the system will use, along with the phone number you are calling from, to identify you). Key Option 1 again from the resulting menu and appointments available via this method over the next five days will be offered to you.

We currently offer GP appointments and smears via automate booking. We aim to include a variety of other appointment types, including blood tests in the near future.

If you have any problems accessing automated booking, please contact the practice with your name, the telephone number you called from and the time at which you made the call; the system has a comprehensive monitoring and reporting facility and we will be able to investigate any issues which may arise promptly.

Online Booking

Grafton Square offers online appointment booking and allows for the online submission of prescription requests via Patient Access. To register for the Patient Access facility, please complete our online registration form. The form can be found on our website. Alternatively please ask a member of reception should you need more information.

Home Visits

Please do not ask the doctor to visit unless the patient is genuinely too ill to come to the surgery.
Remember the doctor can see four to five patients in surgery during the time it takes to do one home visit, and it is at the doctor's discretion as to whether a home visit is necessary.
Please give the receptionist brief details of your illness so the doctor can assess the order of priority of visits.
If possible try to ring before 10am if you need a visit.

Out of Hours

Lambeth Hubs offer out of hours booked appointments. Walk-in appointments are not available. Access to the service is via the national NHS 111 call line.
Calls to NHS 111 are free from mobile phones and landlines and the service can be accessed 24 hours a day, 365 days a year by dialling 1-1-1 .
The team will assess your condition with a telephone consultation and, if it is clinically appropriate, they will refer your case to the out-of-hours service. This will result in either a face-to-face appointment to attend a primary care centre to see a doctor, or a home visit from one of our doctors.

COVID Vaccinations

COVID vaccinations are provided by the Lambeth GP Federations. More information on available clinics can be found on the South East London CCG website.
www.selondonccg.nhs.uk, as well as more general information about COVID vaccinations on the Lambeth Council website
www.beta.lambeth.gov.uk.

The Nursing Team

Our Nurse Practitioners offer appointments booked on the day for a range of minor illnesses, e.g. urinary and chest infections, sore throats . They are able to prescribe medication. Please consider booking an appointment with them rather than the doctor.

Our Practice Nurses can be seen by appointment for numerous services including: clinics to monitor diabetes, asthma and blood pressure, family planning advice and repeat pill prescriptions, cervical smears, travel advice and immunisations.

NHS Health Checks and New Patient Checks are also carried out by our Practice Nurses, as well as dressings and removal of stitches and ear syringing.
We offer phlebotomy (blood taking) services.

You may be asked the reason for booking an appointment with the nurse. This is so that you can see the most appropriate person and the correct length of time can be allocated to you.

Social Prescribing

The social prescribing service supports you to take control of your own health, make positive lifestyle changes and decide what you would like to do to feel healthier.
The service is here to listen to you and connect you with opportunities in the community that might help you to feel better. This could include supporting you with things like managing your stress, loneliness, finding social groups, learning new skills, physical activity or getting information on employment, benefits, housing and legal advice.
The social prescribers attached to our surgery are Nathaniel Leroux and Joe Slimani.
If you are 18 or over, you can ask your clinician to refer you to this service.

First Contact Practitioners (Physiotherapy)

First Contact Practitioners should be the first contact for those with back, neck, joint pain and sports injuries. They are able to order investigations and make referrals. This service is provided onsite by Surrey Physio.

Antenatal Clinics

The practice runs a “shared care” system. This way you will see your own doctor but go to the hospital of your choice for booking, scans and special tests. The clinics are run with a community midwife and health visitor so continuity of care is guaranteed for both you and your baby during and after your pregnancy.

The majority of our patients choose to have their babies at Guy’s and St Thomas’ Hospitals. You are encouraged to discuss your choice of birth and hospital with your GP.

It is now possible to self-refer for antenatal care at Guy’s and St Thomas’ Hospitals using the self-referral form on their website – **Pregnancy Self-Referral Form**.

You can reach them by calling **0207 188 2300**.

Health Visitor and Baby Clinics

Health Visitors can be contacted via email - **gst-tr.spahealthvisiting servicelambeth@nhs.net** or by calling **0203 049 5300**. Our local health visiting team are based at the Clapham Manor Centre, 86 Clapham Manor Street, SW4 6EB.

The Pharmacy Team

Our Clinical Pharmacists are experienced to help manage a range of minor ailments such as cuts, sprains, aches, colds, headaches, rashes, and cystitis plus manage chronic conditions including diabetes, asthma, COPD, and blood pressure.

They also provide comprehensive medication reviews to help patients get the most out of their medication, general lifestyle and dietary advice, and answer any medication related questions.

To book an appointment with the pharmacy team, please speak to reception.

Repeat Prescriptions

Repeat prescriptions are medications which appear on the right hand side of your prescription and in your online profile which your doctor would like you to continue on a regular basis. Medications not shown here are not repeat prescriptions.

We favour all patients using the **Electronic Prescribing Service (EPS)**. All new patients will be asked to nominate a pharmacy to receive your prescription when it is sent electronically by the surgery. This is safer, more convenient for you and usually quicker. For more information please visit the NHS Choices website: **www.nhs.uk**

How do I request a repeat prescription?

1. Online using Patient Access. You can order using any device and the prescription will be sent via EPS to your nominated chemist or you can collect it from the surgery.

2. You can set up a repeat prescription order through your local pharmacist. They will order medication for you and let you know when it is ready to pick up at the pharmacy. This is subject to your medication review being in date but your pharmacist will have details of this when they receive your prescription from us.

If you have any queries and would like to speak to the pharmacy team please call our main surgery number - **020 7622 5642**.

Sexual Health

The nearest sexual health clinics are Burrell Street and Streatham Hill, with services provided by Guy's and St Thomas' NHS Foundation Trust. Sexual health clinics offer testing as well as useful details on STIs (including treatment), contraception and accessing emergency contraception. Visit shswl.nhs.uk or call **0333 300 2100** to book an appointment or to find opening times of your local clinic . Register online for a free STI home testing kit: www.shl.uk.

Family Planning and Smears

Women seeking family planning can always see a doctor or nurse if they wish but there is also a clinic run by specially trained nurses. These nurses will give advice on birth control, do cervical smears, teach breast examination and also advise on fitting coils, caps, and implants. Please ask at reception for details .

Sick/ Fit Note

You do not require a doctor's certificate for any illness lasting six days or less. However some employers insist on a Doctor's note regardless. A Doctor's note under these circumstances may involve a charge. Search '**Sick/Fit note**' on our website to download and fill out our Self Certification Form. If you have been ill for more than 7 days you will need a doctor's certificate, please call the practice on **020 7622 5642**.

Carers

If you are a Carer please let us know so we can give you our practice Carer's Pack. You can find a detailed page full of resources as well as register as a carer on our website by searching '**Carers**'. For more information, please contact our reception team on **0203 883 5800**. We encourage you to have an annual health check and flu vaccination. Carers UK is a valuable source of information, visit www.carersuk.org. More local support can be found via Carers' Hub Lambeth, visit www.carershub.org.uk or call **020 7501 8970**.

Insurance/ Medical Reports

Please contact our Medical Secretary Christina on our main surgery number, **020 7622 5642**, to discuss any insurance / medical report requests. If you are unable to reach Chrstina, please leave a message and a member of the team will call you back as soon as possible.

Referrals

Our website offers a self-referral option for a number of services (mental health, carers, pregnancy booking, sexual health and help with drugs and alcohol). Please search '**referral** ' to access this page. You can also track already made referrals. Our Medical Secretary Christina can help with any queries about referrals. Contact her directly at christina.bourton@nhs.net.

Chaperones

Grafton Square Surgery is committed to providing a safe, comfortable environment where patients and staff can be confident that best practice is being followed at all times and the safety of everyone is of paramount importance. All patients are entitled to have a chaperone present for any consultation, examination or procedure where they consider one is required. The chaperone may be a family member or friend, but on occasions a formal chaperone may be preferred for example a Practice Nurse or other member of The Practice Team. The Healthcare Professional may also require a chaperone to be present for certain consultations .

Health Review and Assessments

Our website provides a number of health review and self-assessment options that help both you and us monitor your condition. These range from Asthma, Blood Pressure and Contraception reviews to COPD assessments and Health (PHQ-9) and Wellbeing questionnaires. Please visit the Health Review and Assessment Clinic on our website to update the relevant section.

There are many fantastic organisations we have worked with for a number of years. Below are just a few we recommend. For a full list of free services available to you please visit the '**Wellbeing Centre**' on our website.

The Coral Mental Health Crisis Hub is an alternative place of safety to the Emergency Department for patients with primary mental health problems during the COVID-19 pandemic. The service is based at Springfield University Hospital and you can be referred to the hub via the Mental Health Support Line. Call **0800 028 8000 (Referrals)** or email **CoralCrisisAssessmentHubTeam@swlstg.nhs.uk**.

Rethink provide expert, accredited advice and information to everyone affected by mental health problems. Telephone: **0300 5000 927** or visit **www.rethink.org**.

Kooth is a free online counselling and emotional wellbeing support service, helping young people through this difficult time. Kooth is exclusively for people aged 11-22 years living in Wandsworth and does not have a waiting list, meaning you can get the support you need when you need it. Visit **www.kooth.com** to join.

Lambeth Talking Therapies can help if you are experiencing anxiety or stress, depression, bereavement or loss, sleep difficulties, anger issues, obsessive compulsive disorder, phobias, eating disorders and many other everyday problems. Call **020 3228 6747** or visit **www.lambethalkingtherapies.nhs.uk**.

Silver Line is a free phone 24/7 support line for older people suffering with loneliness. Call **0800 4708 090** or visit **www.thesilverline.org.uk**.

Lambeth Single Point of Access (SPA) is a team of mental health professionals, support workers and social workers providing help to patients living in Lambeth who are experiencing mental health problems or distress. Call **0800 090 2456** or visit **lambethtogether.net**.

We Promise

Not to divulge to your relatives, friends or any other third party, either in writing or verbally, any information about you without your written permission.

Any information means: the results of any investigations (eg blood test, x-rays, pregnancy tests); the nature and severity of any illness you may have or suspect you may have; any other personal information and any information we receive from a non-medical source (eg Social Services, insurance companies).

To allow you access to information we keep on you, provided that this information does not identify or provide information about third parties not directly involved in your care. The law allows us to withhold information about you on the very rare occasions that we might have concerns that such information might cause serious harm to your health.

We Will

When requested, provide complete information about your medical status to:

Social Services – with your written permission, except in situations where there is serious concern about a child in your care, where information may be passed on for Child Protection purposes. We would always tell you if we were doing this, however.

Other health providers legitimately involved in your care (according to Caldicott criteria).

We will not divulge any information about you without your consent unless ordered to do so by the Courts, or for Child Protection purposes, or in an emergency to protect you, or other people, from death or serious harm.

Complaints Policy

We recognise that problems may arise with services we provide.

Should you wish to make a complaint about us or our work, we give you the following undertakings

- We will acknowledge your complaint in writing within three working days and will include details of all practice complaints procedure;
- We will give a reply as soon as possible;
- We will offer you the opportunity to discuss your complaint with our Practice Manager in private;
- If your complaint involves your doctor, we will offer you the opportunity to discuss it with the doctor involved or with our Senior Partner, Dr Penelope Smith.

All complaints are taken seriously and are handled openly and honestly. We will endeavour to conclude matters to the satisfaction of all parties as soon as possible.

You can make a complaint by emailing the Operations Manager on LAMCCG.GraftonSquareSurgery@nhs.net.

Feedback

We are continually looking to turn our patients' feedback into real improvements in the services we provide. We use it to focus on the things that matter most to our patients, carers and their families. We would like to hear from you if you have a suggestion on how we can do things better to improve our patients' experiences. We'd also like to hear from you if you are pleased with the service you've received.

Anonymous posts on public websites give us no opportunity to work with you to resolve any problems. Please visit our website and search 'feedback' to fill out our feedback form.

How We Use Your Medical Records

- This practice handles medical records in line with laws on data protection and confidentiality.
- We share medical records with those who are involved in providing you with care and treatment.
- In some circumstances we will also share medical records for medical research, for example to find out more about why people get ill.
- We share information when the law requires us to do so, for example, to prevent infectious diseases from spreading or check the care being provided to you is safe.
- You have the right to be given a copy of your medical record.
- You have the right to object to your medical records being shared with those who provide you with care.
- You have the right to have any mistake corrected and to complain to the Information Commissioner's Office.

Please see the practice privacy notice or speak to a member of staff for more information about your rights.

The Health and Social Care Act 2012 legally requires GPs to release electronic medical records of all registered patients, in an identifiable form, to a new central records database called care.data. The records will contain all coded data about you, but no free text. As a GP practice we are legally obliged to provide this information. If you object to your medical records leaving the practice, you must inform reception immediately.

For more information and to view our full privacy notice please visit our website.

Local Hospitals

Out of Hours **111**
Guy’s Hospital **020 7188 7188**
St Thomas’ Hospital **020 7188 7188**
St George's Hospital **020 8672 1255**
